

GENESIS

RPD
RACING PERFORMANCE DEVELOPMENT

FORGED CNC REAR MASTER BRAKE PUMP ASSY

CONSISTENT BRAKE PRESSURE

Stable hydraulic pressure for improved rear braking performance.

DURABLE SEAL

Equipped with high-quality oil seals to minimize leakage & extend service life.

ENHANCED PEDAL RESPONSE

Delivers quicker, more responsive braking feedback for improved riding confidence.

Silver / Black

Black / Red

Available Piston Size

- 14 MM Piston

FOR MANUAL-CLUTCH
MOTORCYCLES WITH
REAR DISC BRAKE SYSTEM

HET : **IDR 850.000**

2 Types of Mounting

Available in 2 diameter sizes to accommodate various motorcycle brands (Yamaha, Honda & Suzuki)

PNP Installation

Precise mounting for easy installation and maximum compatibility.

Forged CNC

Stronger construction for reliable braking and better ride confidence.
